MISSISSIPPI LEGISLATURE
REGULAR SESSION 2021
By: Senator(s) Branning, Sparks
To: Insurance

SENATE BILL NO. 2619

AN ACT TO AMEND SECTION 71-5-355, MISSISSIPPI CODE OF 1972, TO CHANGE THE 36-MONTH EXPERIENCE RATING REQUIREMENT UNDER THE UNEMPLOYMENT COMPENSATION LAW TO 18 MONTHS; TO AMEND SECTION 71-5-513, MISSISSIPPI CODE OF 1972, TO AUTHORIZE AND DIRECT THE MISSISSIPPI DEPARTMENT OF EMPLOYMENT SECURITY TO CONDUCT CERTAIN CHECKS REGARDING DISQUALIFIED CLAIMANTS OF UNEMPLOYMENT COMPENSATION BENEFITS; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 71-5-355, Mississippi Code of 1972, is amended as follows:

71-5-355. (1) As used in this section, the following words and phrases shall have the following meanings, unless the context clearly requires otherwise:

(a) "Tax year" means any period beginning on January 1 and ending on December 31 of a year.

(b) "Computation date" means June 30 of any calendar year immediately preceding the tax year during which the particular contribution rates are effective.

(c) "Effective date" means January 1 of the tax year.
(d) Except as hereinafter provided, "payroll" means the total of all wages paid for employment by an employer as defined in Section 71-5-11, subsection H, plus the total of all remuneration paid by such employer excluded from the definition of wages by Section 71-5-351. For the computation of modified rates, "payroll" means the total of all wages paid for employment by an employer as defined in Section 71-5-11, subsection H.

(e) For the computation of modified rates, "eligible employer" means an employer whose experience-rating record has been chargeable with benefits throughout the eighteen (18) consecutive calendar-month period ending on the computation date, except that any employer who has not been subject to the Mississippi Employment Security Law for a period of time sufficient to meet the eighteen (18) consecutive calendar-month requirement shall be an eligible employer if his experience-rating record has been chargeable throughout not less than the twelve (12) consecutive calendar-month period ending on the computation date. No employer shall be considered eligible for a contribution rate less than five and four-tenths percent (5.4%) with respect to any tax year, who has failed to file any two (2) quarterly reports within the qualifying period by September 30 following the computation date. No employer or employing unit shall be eligible for a contribution rate of less than five and four-tenths percent (5.4%) for the tax year in which the employing unit is found by the department to be in violation.
of Section 71-5-19(2) or (3) and for the next two (2) succeeding tax years. No representative of such employing unit who was a party to a violation as described in Section 71-5-19(2) or (3), if such representative was or is an employing unit in this state, shall be eligible for a contribution rate of less than five and four-tenths percent (5.4%) for the tax year in which such violation was detected by the department and for the next two (2) succeeding tax years.

(f) With respect to any tax year, "reserve ratio" means the ratio which the total amount available for the payment of benefits in the Unemployment Compensation Fund, excluding any amount which has been credited to the account of this state under Section 903 of the Social Security Act, as amended, and which has been appropriated for the expenses of administration pursuant to Section 71-5-457 whether or not withdrawn from such account, on October 31 (close of business) of each calendar year bears to the aggregate of the taxable payrolls of all employers for the twelve (12) calendar months ending on June 30 next preceding.

(g) "Modified rates" means the rates of employer unemployment insurance contributions determined under the provisions of this chapter and the rates of newly subject employers, as provided in Section 71-5-353.

(h) For the computation of modified rates, "qualifying period" means a period of not less than the eighteen (18) consecutive calendar months ending on the computation date.
throughout which an employer's experience-rating record has been chargeable with benefits; except that with respect to any eligible employer who has not been subject to this article for a period of time sufficient to meet the nineteen (19) consecutive calendar-month requirement, "qualifying period" means the period ending on the computation date throughout which his experience-rating record has been chargeable with benefits, but in no event less than the twelve (12) consecutive calendar-month period ending on the computation date throughout which his experience-rating record has been so chargeable.

(i) The "exposure criterion" (EC) is defined as the cash balance of the Unemployment Compensation Fund which is available for the payment of benefits as of November 16 of each calendar year or the next working day if November 16 falls on a holiday or a weekend, divided by the total wages, exclusive of wages paid by all state agencies, all political subdivisions, reimbursable nonprofit corporations, and tax-exempt public service employment, for the twelve-month period ending June 30 immediately preceding such date. The EC shall be computed to four (4) decimal places and rounded up if any fraction remains.

(j) The "cost rate criterion" (CRC) is defined as follows: Beginning with January 1974, the benefits paid for the twelve-month period ending December 1974 are summed and divided by the total wages for the twelve-month period ending on June 30, 1975. Similar ratios are computed by subtracting the earliest
month's benefit payments and adding the benefits of the next month in the sequence and dividing each sum of twelve (12) months' benefits by the total wages for the twelve-month period ending on the June 30 which is nearest to the final month of the period used to compute the numerator. If December is the final month of the period used to compute the numerator, then the twelve-month period ending the following June 30 will be used for the denominator. Benefits and total wages used in the computation of the cost rate criterion shall exclude all benefits and total wages applicable to state agencies, political subdivisions, reimbursable nonprofit corporations, and tax-exempt PSE employment.

The CRC shall be computed as the average for the highest monthly value of the cost rate criterion computations during each of the economic cycles since the calendar year 1974 as defined by the National Bureau of Economic Research. The CRC shall be computed to four (4) decimal places and any remainder shall be rounded up.

The CRC shall be adjusted only through annual computations and additions of future economic cycles.

(k) "Size of fund index" (SOFI) is defined as the ratio of the exposure criterion (EC) to the cost rate criterion (CRC). The target size of fund index will be fixed at 1.0. If the insured unemployment rate (IUR) exceeds a four and five-tenths percent (4.5%) average for the most recent completed July to June period, the target SOFI will be .8 and will remain at that level.
until the computed SOFI (the average exposure criterion of the current year and the preceding year divided by the average cost rate criterion) equals 1.0 or the average IUR falls to four and five-tenths percent (4.5%) or less for any period July to June. However, if the IUR falls below two and five-tenths percent (2.5%) for any period July to June the target SOFI shall be 1.2 until such time as the computed SOFI is equal to or greater than 1.0 or the IUR is equal to or greater than two and five-tenths percent (2.5%), at which point the target SOFI shall return to 1.0.

(1) No employer's unemployment contribution general experience rate plus individual unemployment experience rate shall exceed five and four-tenths percent (5.4%). Accrual rules shall apply for purposes of computing contribution rates including associated functions.

(m) The term "general experience rate" has the same meaning as the minimum tax rate.

(2) Modified rates:

(a) For any tax year, when the reserve ratio on the preceding November 16, in the case of any tax year, equals or exceeds three percent (3%), the modified rates, as hereinafter prescribed, shall be in effect. In computation of this reserve ratio, any remainder shall be rounded down.

(b) Modified rates shall be determined for the tax year for each eligible employer on the basis of his experience-rating record in the following manner:
(i) The department shall maintain an experience-rating record for each employer. Nothing in this chapter shall be construed to grant any employer or individuals performing services for him any prior claim or rights to the amounts paid by the employer into the fund.

(ii) Benefits paid to an eligible individual shall be charged against the experience-rating record of his base period employers in the proportion to which the wages paid by each base period employer bears to the total wages paid to the individual by all the base period employers, provided that benefits shall not be charged to an employer's experience-rating record if the department finds that the individual:

1. Voluntarily left the employ of such employer without good cause attributable to the employer or to accept other work;

2. Was discharged by such employer for misconduct connected with his work;

3. Refused an offer of suitable work by such employer without good cause, and the department further finds that such benefits are based on wages for employment for such employer prior to such voluntary leaving, discharge or refusal of suitable work, as the case may be;

4. Had base period wages which included wages for previously uncovered services as defined in Section 71-5-511(e) to the extent that the Unemployment Compensation Fund

S. B. No. 2619
21/SS26/R861
PAGE 7 (rdd\lr)
is reimbursed for such benefits pursuant to Section 121 of Public Law 94-566;

5. Extended benefits paid under the provisions of Section 71-5-541 which are not reimbursable from federal funds shall be charged to the experience-rating record of base period employers;

6. Is still working for such employer on a regular part-time basis under the same employment conditions as hired. Provided, however, that benefits shall be charged against an employer if an eligible individual is paid benefits who is still working for such employer on a part-time "as-needed" basis;

7. Was hired to replace a United States serviceman or servicewoman called into active duty and was laid off upon the return to work by that serviceman or servicewoman, unless such employer is a state agency or other political subdivision or instrumentality of the state;

8. Was paid benefits during any week while in training with the approval of the department, under the provisions of Section 71-5-513B, or for any week while in training approved under Section 236(a)(1) of the Trade Act of 1974, under the provisions of Section 71-5-513C;

9. Is not required to serve the one-week waiting period as described in Section 71-5-505(2). In that event, only the benefits paid in lieu of the waiting period week may be noncharged; or
10. Was paid benefits as a result of a fraudulent claim, provided notification was made to the Mississippi Department of Employment Security in writing or by email by the employer, within ten (10) days of the mailing of the notice of claim filed to the employer's last-known address.

(iii) Notwithstanding any other provision contained herein, an employer shall not be noncharged when the department finds that the employer or the employer's agent of record was at fault for failing to respond timely or adequately to the request of the department for information relating to an unemployment claim that was subsequently determined to be improperly paid, unless the employer or the employer's agent of record shows good cause for having failed to respond timely or adequately to the request of the department for information. For purposes of this subparagraph "good cause" means an event that prevents the employer or employer's agent of record from timely responding, and includes a natural disaster, emergency or similar event, or an illness on the part of the employer, the employer's agent of record, or their staff charged with responding to such inquiries when there is no other individual who has the knowledge or ability to respond. Any agency error that resulted in a delay in, or the failure to deliver notice to, the employer or the employer's agent of record shall also be considered good cause for purposes of this subparagraph.
(iv) The department shall compute a benefit ratio for each eligible employer, which shall be the quotient obtained by dividing the total benefits charged to his experience-rating record during the period his experience-rating record has been chargeable, but not less than the twelve (12) consecutive calendar-month period nor more than the **eighteen (18)** consecutive calendar-month period ending on the computation date, by his total taxable payroll for the same period on which all unemployment insurance contributions due have been paid on or before the September 30 immediately following the computation date. Such benefit ratio shall be computed to the tenth of a percent (.1%), rounding any remainder to the next higher tenth.

(v) 1. The unemployment insurance contribution rate for each eligible employer shall be the sum of two (2) rates: his individual experience rate in the range from zero percent (0%) to five and four-tenths percent (5.4%), plus a general experience rate. In no event shall the resulting unemployment insurance rate be in excess of five and four-tenths percent (5.4%), however, it is the intent of this section to provide the ability for employers to have a tax rate, the general experience rate plus the individual experience rate, of up to five and four-tenths percent (5.4%).

2. The employer's individual experience rate shall be equal to his benefit ratio as computed under subsection (2)(b)(iv) above.
3. The general experience rate shall be determined in the following manner: The department shall determine annually, for the thirty-six (36) consecutive calendar-month period ending on the computation date, the amount of benefits which were not charged to the record of any employer and of benefits which were ineffectively charged to the employer's experience-rating record. For the purposes of this item 3, the term "ineffectively charged benefits" shall include:

   a. The total of the amounts of benefits charged to the experience-rating records of all eligible employers which caused their benefit ratios to exceed five and four-tenths percent (5.4%);

   b. The total of the amounts of benefits charged to the experience-rating records of all ineligible employers which would cause their benefit ratios to exceed five and four-tenths percent (5.4%) if they were eligible employers; and

   c. The total of the amounts of benefits charged or chargeable to the experience-rating record of any employer who has discontinued his business or whose coverage has been terminated within such period; provided, that solely for the purposes of determining the amounts of ineffectively charged benefits as herein defined, a "benefit ratio" shall be computed for each ineligible employer, which shall be the quotient obtained by dividing the total benefits charged to his experience-rating.
record throughout the period ending on the computation date,
during which his experience-rating record has been chargeable with
benefits, by his total taxable payroll for the same period on
which all unemployment insurance contributions due have been paid
on or before the September 30 immediately following the
computation date; and provided further, that such benefit ratio
shall be computed to the tenth of one percent (.1%) and any
remainder shall be rounded to the next higher tenth.

The ratio of the sum of these amounts (subsection
(2)(b)(v)3a, b and c) to the taxable wages paid during the same
period divided by all eligible employers whose benefit ratio did
not exceed five and four-tenths percent (5.4%), computed to the
next higher tenth of one percent (.1%), shall be the general
experience rate; however, the general experience rate for rate
year 2014 shall be two tenths of one percent (.2%) and to that
will be added the employer's individual experience rate for the
total unemployment insurance rate.

4. a. Except as otherwise provided in this
item 4, the general experience rate shall be adjusted by use of
the size of fund index factor. This factor may be positive or
negative, and shall be determined as follows: From the target
SOFI, as defined in subsection (1)(k) of this section, subtract
the simple average of the current and preceding years' exposure
criterions divided by the cost rate criterion, as defined in
subsection (1)(j) of this section. The result is then multiplied
by the product of the CRC, as defined in subsection (1)(j) of this section, and total wages for the twelve-month period ending June 30 divided by the taxable wages for the twelve-month period ending June 30. This is the percentage positive or negative added to the general experience rate. The sum of the general experience rate and the trust fund adjustment factor shall be multiplied by fifty percent (50%) and this product shall be computed to one (1) decimal place, and rounded to the next higher tenth.

b. Notwithstanding the minimum rate provisions as set forth in subsection (1)(l) of this section, the general experience rate of all employers shall be reduced by seven one-hundredths of one percent (.07%) for calendar year 2013 only.

5. The general experience rate shall be zero percent (0%) unless the general experience ratio for any tax year as computed and adjusted on the basis of the trust fund adjustment factor and reduced by fifty percent (50%) is an amount equal to or greater than two-tenths of one percent (.2%), then the general experience rate shall be the computed general experience ratio and adjusted on the basis of the trust fund adjustment factor and reduced by fifty percent (50%); however, in no case shall the sum of the general experience plus the individual experience unemployment insurance rate exceed five and four-tenths percent (5.4%). For rate years subsequent to 2014, Mississippi Workforce Enhancement Training contribution rate, and/or State Workforce Investment contribution rate, and/or Mississippi Works
contribution rate, when in effect, shall be added to the unemployment contribution rate, regardless of whether the addition of this contribution rate causes the total contribution rate for the employer to exceed five and four-tenths percent (5.4%).

6. The department shall include in its annual rate notice to employers a brief explanation of the elements of the general experience rate, and shall include in its regular publications an annual analysis of benefits not charged to the record of any employer, and of the benefit experience of employers by industry group whose benefit ratio exceeds four percent (4%), and of any other factors which may affect the size of the general experience rate.

7. Notwithstanding any other provision contained herein, the general experience rate for calendar year 2021 shall be zero percent (0%). Charges attributed to each employer's individual experience rate for the period March 8, 2020, through June 30, 2020, will not impact the employer's individual experience rate calculations for purposes of calculating the total unemployment insurance rate for 2021 and the two (2) subsequent tax rate years. Moreover, charges attributed to each employer's individual experience rate for the period July 1, 2020, through December 31, 2020, will not impact the employer's individual experience rate calculations for purposes of calculating the total unemployment insurance rate for 2022 and the two (2) subsequent tax rate years.
(vi) When any employing unit in any manner succeeds to or acquires the organization, trade, business or substantially all the assets thereof of an employer, excepting any assets retained by such employer incident to the liquidation of his obligations, whether or not such acquiring employing unit was an employer within the meaning of Section 71-5-11, subsection H, prior to such acquisition, and continues such organization, trade or business, the experience-rating and payroll records of the predecessor employer shall be transferred as of the date of acquisition to the successor employer for the purpose of rate determination.

(vii) When any employing unit succeeds to or acquires a distinct and severable portion of an organization, trade or business, the experience-rating and payroll records of such portion, if separately identifiable, shall be transferred to the successor upon:

1. The mutual consent of the predecessor and the successor;

2. Approval of the department;

3. Continued operation of the transferred portion by the successor after transfer; and

4. The execution and the filing with the department by the predecessor employer of a waiver relinquishing all rights to have the experience-rating and payroll records of
the transferred portion used for the purpose of determining
modified rates of contribution for such predecessor.

(viii) If the successor was an employer subject to
this chapter prior to the date of acquisition, it shall continue
to pay unemployment insurance contributions at the rate applicable
to it from the date the acquisition occurred until the end of the
then current tax year. If the successor was not an employer prior
to the date of acquisition, it shall pay unemployment insurance
contributions at the rate applicable to the predecessor or, if
more than one (1) predecessor and the same rate is applicable to
both, the rate applicable to the predecessor or predecessors, from
the date the acquisition occurred until the end of the then
current tax year. If the successor was not an employer prior to
the date the acquisition occurred and simultaneously acquires the
businesses of two (2) or more employers to whom different rates of
unemployment insurance contributions are applicable, it shall pay
unemployment insurance contributions from the date of the
acquisition until the end of the current tax year at a rate
computed on the basis of the combined experience-rating and
payroll records of the predecessors as of the computation date for
such tax year. In all cases the rate of unemployment insurance
contributions applicable to such successor for each succeeding tax
year shall be computed on the basis of the combined
experience-rating and payroll records of the successor and the
predecessor or predecessors.
(ix) The department shall notify each employer quarterly of the benefits paid and charged to his experience-rating record; and such notification, in the absence of an application for redetermination filed within thirty (30) days after the date of such notice, shall be final, conclusive and binding upon the employer for all purposes. A redetermination, made after notice and opportunity for a fair hearing, by a hearing officer designated by the department who shall consider and decide these and related applications and protests; and the finding of fact in connection therewith may be introduced into any subsequent administrative or judicial proceedings involving the determination of the rate of unemployment insurance contributions of any employer for any tax year, and shall be entitled to the same finality as is provided in this subsection with respect to the findings of fact in proceedings to redetermine the contribution rate of an employer.

(x) The department shall notify each employer of his rate of contribution as determined for any tax year as soon as reasonably possible after September 1 of the preceding year. Such determination shall be final, conclusive and binding upon such employer unless, within thirty (30) days after the date of such notice to his last-known address, the employer files with the department an application for review and redetermination of his contribution rate, setting forth his reasons therefor. If the department grants such review, the employer shall be promptly
notified thereof and shall be afforded an opportunity for a fair hearing by a hearing officer designated by the department who shall consider and decide these and related applications and protests; but no employer shall be allowed, in any proceeding involving his rate of unemployment insurance contributions or contribution liability, to contest the chargeability to his account of any benefits paid in accordance with a determination, redetermination or decision pursuant to Sections 71-5-515 through 71-5-533 except upon the ground that the services on the basis of which such benefits were found to be chargeable did not constitute services performed in employment for him, and then only in the event that he was not a party to such determination, redetermination, decision or to any other proceedings provided in this chapter in which the character of such services was determined. The employer shall be promptly notified of the denial of this application or of the redetermination, both of which shall become final unless, within ten (10) days after the date of notice thereof, there shall be an appeal to the department itself. Any such appeal shall be on the record before said designated hearing officer, and the decision of said department shall become final unless, within thirty (30) days after the date of notice thereof to the employer's last-known address, there shall be an appeal to the Circuit Court of the First Judicial District of Hinds County, Mississippi, in accordance with the provisions of law with respect to review of civil causes by certiorari.
(3) Notwithstanding any other provision of law, the following shall apply regarding assignment of rates and transfers of experience:

(a) (i) If an employer transfers its trade or business, or a portion thereof, to another employer and, at the time of the transfer, there is substantially common ownership, management or control of the two (2) employers, then the unemployment experience attributable to the transferred trade or business shall be transferred to the employer to whom such business is so transferred. The rates of both employers shall be recalculated and made effective on January 1 of the year following the year the transfer occurred.

(ii) If, following a transfer of experience under subparagraph (i) of this paragraph (a), the department determines that a substantial purpose of the transfer of trade or business was to obtain a reduced liability of unemployment insurance contributions, then the experience-rating accounts of the employers involved shall be combined into a single account and a single rate assigned to such account.

(b) Whenever a person who is not an employer or an employing unit under this chapter at the time it acquires the trade or business of an employer, the unemployment experience of the acquired business shall not be transferred to such person if the department finds that such person acquired the business solely or primarily for the purpose of obtaining a lower rate of
unemployment insurance contributions. Instead, such person shall be assigned the new employer rate under Section 71-5-353. In determining whether the business was acquired solely or primarily for the purpose of obtaining a lower rate of unemployment insurance contributions, the department shall use objective factors which may include the cost of acquiring the business, whether the person continued the business enterprise of the acquired business, how long such business enterprise was continued, or whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to acquisition.

(c) (i) If a person knowingly violates or attempts to violate paragraph (a) or (b) of this subsection or any other provision of this chapter related to determining the assignment of a contribution rate, or if a person knowingly advises another person in a way that results in a violation of such provision, the person shall be subject to the following penalties:

1. If the person is an employer, then such employer shall be assigned the highest rate assignable under this chapter for the rate year during which such violation or attempted violation occurred and the three (3) rate years immediately following this rate year. However, if the person's business is already at such highest rate for any year, or if the amount of increase in the person's rate would be less than two percent (2%) for such year, then a penalty rate of unemployment insurance
contributions of two percent (2%) of taxable wages shall be imposed for such year. The penalty rate will apply to the successor business as well as the related entity from which the employees were transferred in an effort to obtain a lower rate of unemployment insurance contributions.

2. If the person is not an employer, such person shall be subject to a civil money penalty of not more than Five Thousand Dollars ($5,000.00). Each such transaction for which advice was given and each occurrence or reoccurrence after notification being given by the department shall be a separate offense and punishable by a separate penalty. Any such fine shall be deposited in the penalty and interest account established under Section 71-5-114.

(ii) For purposes of this paragraph (c), the term "knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved.

(iii) For purposes of this paragraph (c), the term "violates or attempts to violate" includes, but is not limited to, intent to evade, misrepresentation or willful nondisclosure.

(iv) In addition to the penalty imposed by subparagraph (i) of this paragraph (c), any violation of this subsection may be punishable by a fine of not more than Ten Thousand Dollars ($10,000.00) or by imprisonment for not more than five (5) years, or by both such fine and imprisonment. This
subsection shall prohibit prosecution under any other criminal statute of this state.

(d) The department shall establish procedures to identify the transfer or acquisition of a business for purposes of this subsection.

(e) For purposes of this subsection:

(i) "Person" has the meaning given such term by Section 7701(a)(1) of the Internal Revenue Code of 1986; and

(ii) "Employing unit" has the meaning as set forth in Section 71-5-11.

(f) This subsection shall be interpreted and applied in such a manner as to meet the minimum requirements contained in any guidance or regulations issued by the United States Department of Labor.

SECTION 2. Section 71-5-513, Mississippi Code of 1972, is amended as follows:

71-5-513. A. An individual shall be disqualified for benefits:

(1) (a) For the week, or fraction thereof, which immediately follows the day on which he left work voluntarily without good cause, if so found by the department, and for each week thereafter until he has earned remuneration for personal services performed for an employer, as in this chapter defined, equal to not less than eight (8) times his weekly benefit amount, as determined in each case; however, marital, filial and domestic
circumstances and obligations shall not be deemed good cause within the meaning of this subsection. Pregnancy shall not be deemed to be a marital, filial or domestic circumstance for the purpose of this subsection.

(b) For the week, or fraction thereof, which immediately follows the day on which he was discharged for misconduct connected with his work, if so found by the department, and for each week thereafter until he has earned remuneration for personal services performed for an employer, as in this chapter defined, equal to not less than eight (8) times his weekly benefit amount, as determined in each case.

(c) The burden of proof of good cause for leaving work shall be on the claimant, and the burden of proof of misconduct shall be on the employer.

(2) For the week, or fraction thereof, with respect to which he willfully makes a false statement, a false representation of fact, or willfully fails to disclose a material fact for the purpose of obtaining or increasing benefits under the provisions of this law, if so found by the department, and such individual's maximum benefit allowance shall be reduced by the amount of benefits so paid to him during any such week of disqualification; and additional disqualification shall be imposed for a period not exceeding fifty-two (52) weeks, the length of such period of disqualification and the time when such period begins to be
determined by the department, in its discretion, according to the circumstances in each case.

(3) If the department finds that he has failed, without good cause, either to apply for available suitable work when so directed by the employment office or the department, to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the department, such disqualification shall continue for the week in which such failure occurred and for not more than the twelve (12) weeks which immediately follow such week, as determined by the department according to the circumstances in each case.

(a) In determining whether or not any work is suitable for an individual, the department shall consider among other factors the degree of risk involved to his health, safety and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence; however, offered employment paying the minimum wage or higher, if such minimum or higher wage is that prevailing for his customary occupation or similar work in the locality, shall be deemed to be suitable employment after benefits have been paid to the individual for a period of eight (8) weeks.

(b) Notwithstanding any other provisions of this chapter, no work shall be deemed suitable and benefits shall not
be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(i) If the position offered is vacant due directly to a strike, lockout or other labor dispute;

(ii) If the wages, hours or other conditions of the work offered are substantially unfavorable or unreasonable to the individual's work. The department shall have the sole discretion to determine whether or not there has been an unfavorable or unreasonable condition placed on the individual's work. Moreover, the department may consider, but shall not be limited to a consideration of, whether or not the unfavorable condition was applied by the employer to all workers in the same or similar class or merely to this individual;

(iii) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization;

(iv) If unsatisfactory or hazardous working conditions exist that could result in a danger to the physical or mental well-being of the worker. In any such determination the department shall consider, but shall not be limited to a consideration of, the following: the safety measures used or the lack thereof and the condition of equipment or lack of proper equipment. No work shall be considered hazardous if the working conditions surrounding a worker's employment are the same or
substantially the same as the working conditions generally prevailing among workers performing the same or similar work for other employers engaged in the same or similar type of activity.

(c) Pursuant to Section 303(1) of the Social Security Act (42 USCS 503), the department may conduct drug tests of applicants for unemployment compensation for the unlawful use of controlled substances as a condition for receiving such compensation, if such applicant:

(i) Was terminated from employment with the claimant's most recent employer, as defined by Mississippi law, because of the unlawful use of controlled substances; or

(ii) Is an individual for whom suitable work, as defined by Mississippi law, is only available in an occupation (as determined under regulations issued by the U.S. Secretary of Labor) that requires drug testing.

The department may deny unemployment compensation to any applicant based on the result of a drug test conducted by the department in accordance with this subsection. A positive drug test result shall be deemed by the department to be a failure to accept suitable work, and shall subject the applicant to the disqualification provisions set forth in this subsection A(3). During the disqualification period imposed by the department under this subsection, the individual may provide information to end the disqualification period early by submitting acceptable proof to
the department of a negative test result from a testing facility approved by the department.

(iii) Pursuant to the provisions set forth in this subsection A(3)(c), the department shall have the authority to institute a random drug testing program for all individuals who meet the requirements set forth in this section. Moreover, the department shall have the authority to create the necessary regulations, policies rules, guidelines and procedures to implement such a program.

Any term or provision set forth in this subsection A(3)(c) that otherwise conflicts with federal or state law shall be disregarded but shall not, in any way, affect the remaining provisions.

(4) For any week with respect to which the department finds that his total unemployment is due to a stoppage of work which exists because of a labor dispute at a factory, establishment or other premises at which he is or was last employed; however, this subsection shall not apply if it is shown to the satisfaction of the department:

(a) He is unemployed due to a stoppage of work occasioned by an unjustified lockout, if such lockout was not occasioned or brought about by such individual acting alone or with other workers in concert; or
(b) He is not participating in or directly interested in the labor dispute which caused the stoppage of work; and

(c) He does not belong to a grade or class of workers of which, immediately before the commencement of stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or directly interested in the dispute.

If in any case separate branches of work which are commonly conducted as separate businesses in separate premises are conducted in separate departments of the same premises, each such department shall, for the purposes of this subsection, be deemed to be a separate factory, establishment or other premises.

(5) For any week with respect to which he has received or is seeking unemployment compensation under an unemployment compensation law of another state or of the United States. However, if the appropriate agency of such other state or of the United States finally determines that he is not entitled to such unemployment compensation benefits, this disqualification shall not apply. Nothing in this subsection contained shall be construed to include within its terms any law of the United States providing unemployment compensation or allowances for honorably discharged members of the Armed Forces.

(6) For any week with respect to which he is receiving or has received remuneration in the form of payments under any
governmental or private retirement or pension plan, system or policy which a base-period employer is maintaining or contributing to or has maintained or contributed to on behalf of the individual; however, if the amount payable with respect to any week is less than the benefits which would otherwise be due under Section 71-5-501, he shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration. However, on or after the first Sunday immediately following July 1, 2001, no social security payments, to which the employee has made contributions, shall be deducted from unemployment benefits paid for any period of unemployment beginning on or after the first Sunday following July 1, 2001. This one hundred percent (100%) exclusion shall not apply to any other governmental or private retirement or pension plan, system or policy. If benefits payable under this section, after being reduced by the amount of such remuneration, are not a multiple of One Dollar ($1.00), they shall be adjusted to the next lower multiple of One Dollar ($1.00).

(7) For any week with respect to which he is receiving or has received remuneration in the form of a back pay award, or other compensation allocable to any week, whether by settlement or otherwise. Any benefits previously paid for weeks of unemployment with respect to which back pay awards, or other such compensation, are made shall constitute an overpayment and such amounts shall be deducted from the award by the employer prior to payment to the
employee, and shall be transmitted promptly to the department by the employer for application against the overpayment and credit to the claimant's maximum benefit amount and prompt deposit into the fund; however, the removal of any charges made against the employer as a result of such previously paid benefits shall be applied to the calendar year and the calendar quarter in which the overpayment is transmitted to the department, and no attempt shall be made to relate such a credit to the period to which the award applies. Any amount of overpayment so deducted by the employer and not transmitted to the department shall be subject to the same procedures for collection as is provided for contributions by Sections 71-5-363 through 71-5-381. Any amount of overpayment not deducted by the employer shall be established as an overpayment against the claimant and collected as provided above. It is the purpose of this paragraph to assure equity in the situations to which it applies, and it shall be construed accordingly.

B. Notwithstanding any other provision in this chapter, no otherwise eligible individual shall be denied benefits for any week because he is in training with the approval of the department; nor shall such individual be denied benefits with respect to any week in which he is in training with the approval of the department by reason of the application of provisions in Section 71-5-511, subsection (c), relating to availability for work, or the provisions of subsection A(3) of this section,
relating to failure to apply for, or a refusal to accept, suitable work.

C. Notwithstanding any other provisions of this chapter, no otherwise eligible individual shall be denied benefits for any week because he or she is in training approved under Section 236(a)(1) of the Trade Act of 1974, nor shall such individual be denied benefits by reason of leaving work to enter such training, provided the work left is not suitable employment, or because of the application to any such week in training of provisions in this law (or any applicable federal unemployment compensation law), relating to availability for work, active search for work or refusal to accept work.

For purposes of this section, the term "suitable employment" means with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment (as defined for purposes of the Trade Act of 1974), and wages for such work at not less than eighty percent (80%) of the individual's average weekly wage as determined for the purposes of the Trade Act of 1974.

D. Notwithstanding any other provisions of this chapter, no otherwise eligible individual shall be denied benefits for any week in which they are engaged in the Self-Employment Assistance Program established in Section 71-5-545 by reason of the application of Section 71-5-511(c), relating to availability for work, or the provisions of subsection A(3) of this section.
relating to failure to apply for, or a refusal to accept, suitable work.

E. Any individual who is receiving benefits may participate in an approved training program under the Mississippi Employment Security Law to gain skills that may lead to employment while continuing to receive benefits. Authorization for participation of a recipient of unemployment benefits in such a program must be granted by the department and continuation of participation must be certified weekly by the participant recipient. While participating in such program approved by the department, availability and work search requirements will be waived. No individual will be allowed to participate in this program for more than twelve (12) weeks in any benefit year. Such participation shall not be considered employment for any purposes and shall not accrue benefits or wage credits. Participation in this training program shall meet the definition set forth in the U.S. Fair Labor Standards Act.

F. (1) For purposes of this subsection F, the following terms have the meanings ascribed herein:

(a) "Department" means the Mississippi Department of Employment Security.

(b) "Integrity Data Hub" means the centralized, multistate data analysis tool utilized by the National Association of State Workforce Agencies, which allows participating state unemployment insurance agencies to cross-match unemployment
insurance claims against a database of information associated with potentially fraudulent claims or overpayments.

(c) "National Directory of New Hires" means the database that stores personal and financial data on employed individuals across the country and contains information and data on individuals receiving unemployment compensation.

(d) "New hire records" means the directory of newly hired and re-hired employees reported under state and federal law and managed by the Child Support Unit of the Mississippi Department of Human Services.

(e) "Unemployment insurance rolls" means unemployed workers receiving unemployment insurance in this state.

(2) The department shall be charged with the responsibility of enhancing the integrity of the state's unemployment insurance program.

(3) To ensure the integrity of the unemployment insurance program and to verify eligibility and to prevent fraudulent filing and payment of claims, the department is required to do the following:

(a) The department may use commercially available database solutions to check new hire records against the state's unemployment insurance rolls on a weekly basis.

(b) The department, on a weekly basis, shall check new hire records against the National Directory of New Hires.
(c) The department shall check the Integrity Data Hub or another commercially available database.

(d) The department, on a weekly basis, shall check the unemployment insurance rolls against the Mississippi Department of Corrections' list of incarcerated individuals.

(4) When the department receives information concerning an individual who is participating in the unemployment compensation insurance program that indicates a change in circumstances that may affect his eligibility, the department shall review the individual's case and make a final determination of his eligibility.

(5) Pursuant to the performance of all cross-match activities required by this subsection, the Mississippi Department of Employment Security shall provide to the Legislature a report on or before June 30th annually. The report shall include all of the following:

(a) The department's rate of consistency in performing the weekly checks against the Integrity Data Hub or another commercially available database and the National Directory of New Hires.

(b) The type and amount of improper payments detected retroactively.

(c) The type and amount of improper payments prevented.
(d) The dollar amount the state has saved in preventing improper payments and, if any, in recouping improper payments.

(6) The department shall have the authority to execute a memorandum of understanding with any state department, agency or division for data that is necessary to carry out the purposes of this subsection F.

(7) The Mississippi Department of Employment Security shall promulgate all rules and regulations necessary for the purposes of carrying out the provisions of this subsection F.

SECTION 3. This act shall take effect and be in force from and after July 1, 2021.
